NOTES FROM MOCKUP REVIEW

Creative Designer: Tiffany P.
Designer: Danny A.

LANDING PAGE

Full screen silent background video
Black translucent overlay to allow for white text to stand out
Keep left menu bar
Line on the right of menu bar
Add "The Most Dangerous Amusement Park in the World" under title

TEXT

Change section paragraphs fonts to one that is less condensed
Higher line height

PAGES

Make newsprint picture in header full screen. It may be necessary to use a generic newspaper picture rather than a specifically Action Park picture– that's okay!
Black translucent overlay to allow for white text to stand out

SCANDALS

Should have sections of text broken down by type (Ride Design, Employees, Visitors, Policies) along with the pictures

LEGACY

Probably won't have a lot of text, so use your discretion on whether a picture will work!
